

If you are considering me for the position of Data Scientist, I have relevant education and experience in data analysis, statistical processing and the use of statistical methods. I also have programming and database skills. My candidacy would be valuable for any company seeking a specialist with creative and problem-solving thinking

**Yevhen
Pruhlo**

Desired position Data Scientist

Skills

- Understanding of fundamental principles and concepts of machine learning
- Understanding of statistical methods and their application to data analysis
- Experience working with Python and its scientific computing and data analysis libraries, such as numpy, pandas, scipy, matplotlib, scikit-learn, and others
- Experience working with SQL for database management
- Experience in web scraping and data collection from websites using tools such as Requests and BeautifulSoup
- Ability to prepare data for analysis, including removing unwanted observations, fixing structural errors, managing unwanted outliers, and handling missing data
- Ability to use data visualization tools and statistical methods to uncover data set characteristics, such as sweetviz and pandas-profiling libraries
- Experience in applying machine learning methods, including linear regression, gradient descent, k-means method, logistic regression, decision trees and random forests, as well as extreme gradient boosting
- Knowledge of basic concepts of git and github for version control and collaborative work on projects
- Basic understanding of neural networks and experience working with TensorFlow
- Ability for self-directed learning and information search, including working with documentation and Stack Overflow

Language proficiency

Pre-Intermediate Level

Tools

Courses

Data Science Foundation
Main Academy, Kyiv 2023

Stepik courses (2022)

Fundamentals of Statistics, interactive SQL trainer, Data analysis and machine learning
Demo version of the course "Data Analyst"

Python Development

Brain Academy, Zaporizhzhia 2019

English

Polyglot, Zaporizhzhia 2019

Education and Qualification

- ❖ Doctor of Science (pharmaceutical chemistry) 2019
- ❖ Candidate of Science (pharmacology) 2012
- ❖ Specialist (pharmacy) 2003-2008

Hobbies and Interests

Professional development
Music
Fishing

Employment History

Pharmacist (2008-2010) > Zaporizhzhia State Medical University, Zaporizhzhia (2008-2023):

Senior Laboratory Technician (2008-2009) > Assistant (2010-2013) > Vice-chairman of Trade Union of Workers (2010-2018) > Senior Lecturer (2013-2016) > Head of Experimental Research Department (2020-2022) > Associate Professor (2016-2023)
